September 27, 2019

The Township of Kalamazoo Police Department is pleased to partner with the Neighbors app by Ring. This app is a free way for residents to receive real-time local crime and safety updates from their smartphones, whether or not they own a Ring device.

Our community can use the Neighbors app to:

- View neighborhood activity.
- Share crime and safety-related video, photos and text-based posts.
- Receive alerts from neighbors, local law enforcement and safety news sources.

The Neighbors app can also be used by the police department to:

- Send real-time alerts to residents in a particular area.
- Provide updates about local crime and safety incidents.
- Submit requests for video footage and information relevant to local investigations.

This app does not replace 911, is not monitored 24/7 and does not grant law enforcement access to cameras or user data. Users should still call 911 for emergencies or (269) 488-8911 for non-emergency needs.

The Neighbors app is available for free on iOS, Android and FireOS devices. Residents can text "JOINTODAY" to 555888 from their smartphone to receive a link to download the Neighbors app.

We are excited to participate in this new community outreach initiative with the Kalamazoo Township and Parchment communities.
